J. V. Berscht and Sons Purchase Drug Store at Innisfail

Several weeks ago J. V. Berscht and Sons purchased Norman Bader's Drug and Stationery business in Innisfail.

Since the purchase of the business Mr. Bader has remained in charge pending the arrival of Mr. Roy R. Saunders, a pharmaceutical chemist, and a graduate in pharmacy of both Ontario and Alberta, who will be in charge of the business.

Mr. Berscht plans some remodeling of his building, an archway will be opened between the present Berscht & Sons clothing and shoe store and the drug store.

Some three years ago J. V. Berscht and Sons purchased the Watt Bader block on the corner, which was then occupied by Burrows Hardware and Bader's Drug Store.

Two years ago Burrows Hardware having completed their new store Berscht & Sons moved in, and have built up a particularly splendid business, clothing, boots and shoes.

Recently Mr. Bader decided to retire from business and Mr. Berscht thought this would be an opportune time to get the whole business of the block under one management and so opened up negotiations for the purchase of the drug store. The deal was completed several weeks ago and Mr. Saunders has taken over the management. Mr. Bader will remain on for a few weeks—Innisfail Province.

Remembrance Day Services Slated for Thursday, Nov. 11

In commemoration of November 11, 1918, and the signing of the Armistice in 1918, Remembrance Day services will be held in Didsbury this week.

On Thursday, November 11th, at 11:00 a.m., special services will be held at the United Church, and the Didsbury Branch of the Canadian Legion, and residents of town and district are cordially invited to attend.

Sunday Service will be held at the Knox United Church at 7:15 p.m. on November 14th and members of the Canadian Legion and Ladies' Auxiliary will meet beforehand in the church basement and attend the service in a body.

Special services have been planned by the Legion, P.M.S., A.V. Hall, bridge, M.M.C., for both the Thursday and Sunday programs.

NOT LOCAL GIRL

Curious readers will be glad to know that the Edna Roberts of Calgary who was involved in a city bridge fracas recently was not the daughter of Mr. and Mrs. Hughie Roberts of Didsbury.

Alberta Hail Insurance Board Will Pay Dividend This Year

Because of the record minimum of hail damage in Alberta this year the Alberta Hail Insurance Board has at last reached the point where it can start paying dividends, or rebates to policyholders. It was announced Friday by J. Glen Elder, chairman and manager.

This is the first time in almost 50 years of hail insurance in Alberta that this has ever been done, and is thought to be the first time ever done anywhere by a hail insurance company.

The history of hail insurance in Alberta and elsewhere is one of companies, both private, government and mutual, going bankrupt.

The Alberta Hail Insurance Board, which although is responsible to the provincial government is considered a co-operative, set as its objective a reserve equal to half an average year's premium income. That point had been reached, and henceforth half a year's earnings will be repaid to policyholders, the other half added to the reserves.

The board was organized about 10 years ago.

It had a premium income this year of \$1,283,000 compared with \$1,080,000 last year. But last year the losses

BOY SCOUTS TO GATHER AND REPAIR OLD TOYS FOR NEEDY

On Monday, November 15, members of the 1st Didsbury Troop of Boy Scout will canvass the town for old toys. These will be repaired and sent to children of needy families who may not be able buy new toys at Christmas. Local residents are requested to give their support to the canvassing Scouts and find any old toys about the house which may be in a good state of repair. Those in the country who may wish to donate to the cause can leave their donations at the Payne-Freeman Co. garage.

Walther League Meeting Features Moving Pictures

The regular meeting of the Redeemer Walther League was held on Tuesday, November 2, with a short devotion by Pastor Fox followed by a short business session. Four new members signed the constitution, bringing the League membership to 39. It is anticipated that a number of others will become members shortly.

The balance of the evening was devoted to the showing of a number of films from the National Film Board. The first film, "After Six O'Clock," showed the need of community centers, and how this might be met. After the film had been shown it was thoroughly discussed by all those present. "Fit for Tomorrow" and "Modern Guide to Leisure" further presented the need of leisure time recreation and a few fundamental rules on health through the medium of animated line cartoons.

"Singing Stars of Tomorrow," "Mexico Today" and a short on Electricity were also enjoyed and discussed. A short film also presented voice of Canada debate on atomic control of the United Nations Security Council, and the new method of drying and grading B.C. Hemiclock.

The work of Clyde Beatty, great wild animal trainer, was shown as he walked in a cage full of lions and tigers. The last film was a cartoon entitled, "Cleaned Out."

Following the film lunch was served and the meeting closed.

BOY SCOUT APPLE DAY SATURDAY, NOVEMBER 13

The 1st Didsbury Boy Scout Troop is holding its annual Apple Day on Saturday, November 13th and Scouts will make the rounds of business places and homes with apples. The boys are counting on the full cooperation of all town and country residents to make Apple Day a success. Apples will be sold individually, or for those who wish them, in box lots.

This is the only means the Didsbury Troop has of raising funds for their own use. Proceeds will be used to defray expenses at the annual summer camp this coming year.

Buy an apple—or a boxful, and assist our local Scout Troop!

Thompson Home Scene of Rugby W. I. Meeting

With an attendance of 11, the Rugby Women's Institute met at the home of Mrs. Thompson. It was arranged to hold a quarterly party at the home of the secretary on November 9th.

As there seemed to be so many "social donors" scheduled for the next few weeks it was decided to leave the W.I. social till Christmas.

The Rugby W.I. branch decided to donate \$10 towards the expense of the little girl from this district who has been sent to Toronto for medical treatment.

Mrs. McNaughton gave a most interesting talk on the topic of "Color in the House." Mrs. Vipond told a lot about the various furs used in the making of fur coats.

The "bit of fun" sponsored by Mrs. B. Smith, caused much amusement. Each member was blindfolded and told to "pin the tail on the donkey." The poor animal must have felt slightly uncomfortable with the tails pinned everywhere but in the right spot. The prize went to Mrs. E. McInnes.

The meeting closed with the national anthem and lunch followed.

The meeting next month will be held at the home of Mrs. O. Krebs. As this will be the business meeting all members are requested to be present.

A.T.A. DISTRICT OFFICERS ELECTED

At the Calgary district convention of teachers held in the Palliser hotel Thursday and Friday of last week, executives for the several divisions included in the convention were elected. Officers of the Obit division included: Ralph Hoover, Didsbury, president; Mr. Olo, Carstairs, vice-president; J. L. Jones, Didsbury, secretary-treasurer.

Honor J.V. Berscht On 76th Birthday

About 50 friends of Mr. J. V. Berscht gathered in the basement of the Evangelical church on Monday evening, November 8th, in honor of the 76th anniversary of Mr. Berscht's birthday and an enjoyable time was had.

Short remembrance speeches were made by some of the old timers and Mr. Berscht was presented with a beautiful bouquet of crysanthemums.

Mrs. Mose Dippel made a lovely cake, complete with 76 candles, for the occasion and old timers over 75 years of age were seated at the head table with Mr. and Mrs. Berscht.

In a few well-chosen words Mr. Berscht thanked his friends for the lovely evening.

POWER MEETING AT MOUNTAIN VIEW HALL, NOVEMBER 17

Don't forget the public meeting in the interests of those east of Didsbury who want rural electrification. This meeting will be held in the Mountain View Hall at 1:30 p.m. on Wednesday, November 17, and as it is hoped to go ahead with the project a good attendance is requested.

Ace Esler is Alberta Postal Chess Champ

Playing in the recent Alberta Postal Chess competition, Ace Esler of Didsbury emerged victor in the event by winning all of his five games played and will now represent Alberta in the Western Canada championship. This condition will be met by the winners in each of the four western provinces and the player winning the most games will meet the Eastern Canada champion for the Dominion title.

The competition is being carried on by postal correspondence, a player sending each move to his opponent by letter or post card. The opponent then returns his next move by mail and the game continues in this manner until one or the other wins.

Mr. Esler was the only Albertan to win all of his five games.

MISS MARGUERITE FISHER HONOURED AT SHOWER

Complimenting Miss Marguerite Fisher, bride-elect of the month, Mrs. Trev Evans and Mrs. Lloyd Jenkins were hostesses at a shower on Thursday evening, November 2nd, at the home of Mrs. E. Bluh.

The 20 guests were entertained with musical selections during the evening. A giant-sized three-tiered wedding cake was brought in, filled with gifts for the bride-to-be. There were many useful and beautiful gifts for which Miss Fisher thanked the guests.

A delicious lunch was served by the hostesses, followed by an enjoyable sing-song.

RANTON—CHAMBERLIN

A quiet wedding was solemnized at the Norwood United Church, Edmonton, on Monday, November 1st, when Mrs. Mary Louise Chamberlin of Edmonton, and Mr. Edward George Ranton of Didsbury were united in marriage by the Rev. W.T. Young.

Mr. and Mrs. Ranton returned to Didsbury last Friday and have taken up residence in their home in the north west part of town.

REMEMBRANCE DAY, NOV. 11, A HOLIDAY

Thursday, November 11th, is Remembrance Day and a Public Holiday. All places of business in Didsbury will be closed.

'Agriculture' Main Topic at Melvin W.I. Nov. Meeting

On November 3rd the Melvin W.I. met at the home of Mrs. Emil Krebs. The main topic was "an amusing incident at your wedding," and caused a lot of fun. The five-minute talk was given by Mrs. L. Jones, and was about plants grown for industrial purposes, with an interesting account of the production of cork.

Mr. B. Shantz read an amusing poem concerning the work day of great grandmothers as compared to the idle day of the modern housewife.

Mrs. L. Chamberlin presented the main topic on "Agriculture," giving an enlightening talk on the sugar beet industry.

It was decided to send \$10 to the Canadian Cancer Fund.

For roll call at the next meeting of members is to bring a parcel of goodies, attractively wrapped, for a child, and these will be sent to the West's Orphan Home rather than the Red Cross hospital, as previously planned. This was changed because many hospital children are on a diet.

A delicious lunch, served by the hostess, ended the afternoon program.

The next meeting will be at the home of Mrs. E. Dupont and each member is to bring a Christmas gift exchange article, not to exceed \$50. Election of officers will take place and programmes drawn up for the coming year, so everyone, please be present.

Mr. J. Kershaw left Friday for a vacation at Salmon Arm, B.C.

On Monday afternoon a shower was held in the Melvin hall in honor of Miss Olga Dupont, bride-elect of the month. The highlight in the entertainment for the afternoon was a mock wedding put on by Annie Krebs and her helpers, which produced gales of merriment.

Misses Emilie and Anna Dupont played and sang "The Wishing" after which the guest of honor opened her gifts which were piled high in a decorated wishing well. Olga appropriately thanked her friends and a beautiful lunch ended a very pleasant afternoon.

Charles Pratt and Gus Olson have moved the old Landen house and it was really a tough job, we hear. The new house being erected on the old site is progressing very well.

We are sorry to learn of the serious illness of Mr. Dupont's father at Prince George, B.C. Emilie Dupont Sr. and his sister, Mrs. Gauthier of Calgary, were called to his bedside a week ago, but Emilie arrived home Monday. His father's condition is unchanged.

Jelany Landen spent several days last week visiting relatives and friends in the district.

There will be a New Year dance in the Melvin Hall this year—so keep this date in mind and look for further announcements.

Didsbury, Olds and Innisfail Associations Draft Resolutions

Members of the Executive Committees of the Innisfail, Olds and Didsbury Fish and Game Associations met last Thursday night at the home of Ralph Scottie in Olds, to discuss matters relating to the three clubs, and to draft resolutions to be presented to the annual meeting of the Alberta Fish and Game Association to be held in Red Deer sometime after the first of the new year. The annual picnic held jointly by the three associations at the Haven Hatchery last August showed a net profit of \$36.13 and this money will be used to improve picnic entertainment at the 1949 picnic.

The following resolutions were drafted by the executive members of the Innisfail, Olds and Didsbury Associations, and will be presented at the annual convention:

That the Provincial Government be urged to expand and improve the facilities of the rearing ponds at the Haven Fish Hatchery.

That consideration be given to the opening of the main streams, such as the Bow, south of Calgary, at the same time as the fishing season opens in central Alberta.

That a license fee be charged to all anglers over 16 years of age for the fishing of all course fish in Alberta, but that a regular angling license cover all fishing.

That on a big game license the maximum of one head each of any two species be taken by either resident or non-resident hunters.

That the Government be asked to appoint an Alberta Game Commissioner.

That the Provincial Government be urged to support a winter campaign on magpies, the suggested bounty being 20 cents per pair of feet.

That the prairie chicken season in this area be closed next year.

That a short open season be declared in this area on ruffed grouse and Hungarian partridge next year.

That the duck season be opened another year on or about September 15th in the areas of central Alberta.

The possible short season on big game hunting in the Clearwater and Bow River Forest Reserves owing to the closing of these areas due to the serious fire hazard, was discussed and it was agreed by members of Olds, Didsbury and Innisfail Associations that the season should be extended this year, allowing full 30 days hunting from the time the fire reserves are reopened for hunting.

That a license fee be charged to all anglers over 16 years of age for the fishing of all course fish in Alberta, but that a regular angling license cover all fishing.

That on a big game license the maximum of one head each of any two species be taken by either resident or non-resident hunters.

That the Government be asked to appoint an Alberta Game Commissioner.

U. G. G. Sets Aside \$250,000 For Payment of Dividends

Mr. J. E. Brownlee, K.C., president and General Manager, presented to three hundred delegates constituting the Annual Meeting of United Grain Growers Limited a report showing a satisfactory fiscal year ending July 31st last. Earnings after setting aside \$250,000 for patronage dividend on grain receipts of the year were established at \$1,155,180.53 and to which amount was added \$95,765.60 representing profit on disposal of properties to give a total of \$1,250,946.13. Director's fees were \$9,160, counsel and legal fees and remuneration of salaried directors \$55,430, annual meeting expense

\$21,697.30 and provision for depreciation \$504,540. Taxes on income were estimated at \$190,000, leaving \$830,763.31 profit for the year. Provision for dividend of 3% on Capital Stock amounted to \$178,019.25.

The report pointed out that adjusting payments totalling \$786,000 had been made to customers who sold oats and barley to the Company during the early weeks of the crop year while price ceilings were in effect. Addition of that amount to provision for dividends on patronage and on share capital brought the total for distribution to customers and shareholders from the year's operations of more than \$1,200,000.

The report stressed the Company's recent expansion by purchase of more than one hundred country elevators, mainly in Saskatchewan, bringing the total in the three prairie provinces to more than 625. In addition terminals are operated at Port Arthur and Vancouver.

The year was described as one of the most notable in the Company's history.

**BRITAIN SWITCHES PURCHASES
TO STERLING AREA**

Trade statistics for the first six
 months of this year show that Brit-
 ain is stepping up its exports to
 Canada, while switching imports
 from dollar countries to the sterling

area. Britain's dollar shortage is re-
 stricting the market for certain Can-
 adian foodstuffs, particularly fruit,
 fresh fish, canned salmon, canned
 tomatoes and poultry. Currency dif-
 ficulties are also reducing imports
 of Canadian newsprint and manu-
 factured goods.

**UEFB Starts Campaign
For British Relief Nov. 14**

The United Emergency Fund for
 Britain will start a three-week ap-
 peal for funds to aid needy Britons
 on November 14, continuing until
 December 5, according to an announce-
 ment made at the executive offices
 in Toronto. UEFB has established
 its nationwide organization and
 now has chapters in every Province
 with local committees in many cities
 and towns across Canada.

After months of extensive effort,
 devoted to setting up its provincial
 administrative bodies, machinery for
 the co-ordination of all Canadian aid
 to Britain will start functioning im-
 mediately upon completion of the
 fund-raising campaign. UEFB enjoys
 the co-operation and approval for
 this movement of a large number of
 leaders in government, religion, edu-
 cation, industry, finance, labor and
 social and welfare groups in Canada
 and the United Kingdom.

Plans and objectives of UEFB, as
 outlined, include an overall volun-
 tary aid to Britain's program. Don-
 ations to the fund will be used to
 make bulk purchases of food and
 other supplies in Canada which will
 be shipped to UEFB warehouses in
 Britain for general distribution un-
 der the direct supervision of the
 organization's advisory council. Ocean
 shipping charges will be absorbed by
 the British government, who will
 also provide free dockage, handling,
 inland transportation and warehousing
 in the United Kingdom. All such
 gift supplies will be exempt from
 customs and excise duties, material-
 ly reducing costs and producing more
 relief for every dollar contributed.

UEFB will also forward, without
 cost, parcels packed by organiza-
 tions in Canada for approved recipi-
 ents in Britain if delivered at UEFB
 warehouse in collective ship-
 ments. Standardized UEFB packages
 in various sizes and prices, contain-
 ing selected foodstuffs for deficient
 diets, are being prepared and will
 be available shortly. Arrangements
 are being completed to handle dona-
 tions of used clothing, bedding and
 similar items, also without cost to
 the sender, early in the coming year.

ZELLA NOTES

Miss Pauline Antoski spent three
 days in Calgary the previous week
 and attending the teacher's conven-
 tion, and was again in Calgary this
 past week end.

At long last the Zella school has
 been granted swings. The men of
 the district spent two days erecting
 the swings and already the children
 have had a good deal of enjoyment
 out of them. It is hoped that a bet-
 ter teacher may be obtained before long.

Gordon Hubbel was admitted to
 Didsbury hospital last week, ill with
 pneumonia, and at last report he was
 doing nicely.

Mr. and Mrs. Herman Wiker are
 the proud parents of a baby boy.
 Mr. and Mrs. Earl Baughman and
 Harvey, Mrs. Nina Toppin and Mr.
 and Mrs. Albert Olson of Bergey
 spent three days at Three Hills at-
 tending the Missionary Convention
 at the Prairie Bible Institute.

Mr. and Mrs. Eddie Hindal and
 Mrs. Wilfred Spooner were in Cal-
 gary on Friday.

BERGEN NOTES

The W.M.S. sewing circle met at
 the home of Mrs. Fred Tomason. The
 ladies spent the afternoon sewing
 on a layette to be sent, along with
 other clothing collected, as an over-
 seas relief parcel. A letter was read
 from a needy missionary in Alaska
 and it was decided that some money
 should be sent to supply such needs.
 The hostess served a lovely luncheon,
 and it was decided to hold the
 next meeting at the home of Mrs.
 Tedford.

Mr. and Mrs. Kenneth Clarke and
 family have returned to Calgary
 after having visited at the home of
 Mr. and Mrs. Ed Clarke for a couple
 of weeks.

While most of us in the district
 are enjoying the pre-harvest good
 weather there are at least two clus-
 es of people who would welcome
 some snow—the farmers so they
 could track game, and the loggers
 who would like just enough to help
 them skid their logs, and to relieve
 the fire hazard. Several skidders
 were burned a couple of weeks ago
 when a fire got out of control.

Miss Mildred Tomason visited her
 home here for a few days. She re-
 cently graduated from the General
 Hospital in Calgary and has now
 joined the staff.

WEDDINGS

The United Missionary Church,
 Cremona, was the scene of a quiet
 wedding on October 26, when Mary
 Oldfield, eldest daughter of Mr. and
 Mrs. George Oldfield of Water Valley,
 became the bride of Edward
 Backstrom, eldest son of Mr. and
 Mrs. Fritz Backstrom of Cremona.
 The wedding took place at 2:30, with
 Rev. M. Baker of Cremona officiating.
 Given in marriage by her father,
 the bride wore a Royal blue gabar-
 dine suit with white accessories. She
 carried a bouquet of red roses and
 wore a locket presented to her by
 her aunt.

Miss Joan Oldfield, sister of the
 bride, was bridesmaid. She wore a
 burgundy wine suit with black ac-
 cessories and a corsage of pale pink
 carnations.

Joe Oldfield and Jake Loewen were
 ushers.

The wedding music was provided
 by Mrs. G. Held and Mrs. Margaret
 Woodward, and during the signing of
 the register Mrs. K. McLeer sang "I
 Love You Truly."

Following the ceremony a recep-
 tion was held at the home of the
 groom's sister, Mrs. J. Loewen.
 The couple left on a short hony-
 moon and on their return will re-
 side in the Cremona district.

It would appear that Canadian
 exports of wheat and wheat flour
 during the 1947-48 crop year total-
 ed around 200,000,000 bushels.

Exports of wheat approximated
 127,000,000 bushels, while exports of
 flour equalled 63,000,000 bushels in
 terms of wheat.

Saunders Wheat to be
Distributed this YearThe Experimental Farms Service
of the Dominion Department of
Agriculture is completing its plans
for a further distribution of Saunders
wheat this year.

This new, early maturing variety
of wheat was first licensed in the
spring of 1947 when there was only
a comparatively small number of
bushels in existence—some 225, to
be exact. These were carefully
grown under control at the Dominion
Experimental Stations at Beaver-
lodge and Lacombe in Alberta,
Melfort in Saskatchewan and the
Central Experimental Farm at Ottawa,
where the variety originated. From
this small start 5,700 bushels of
certified and commercial seed
were produced that year and distributed
to some 887 wheat growers in the
spring of 1948. From estimated
yields made in the early summer,
it was calculated that there would
be upwards of 100,000 bushels of
Saunders variety at harvest time. However,
reports reaching Ottawa from those who grew Saunders this
past season indicate that this estimate
will be low, since surprisingly
good crops have been harvested,
despite poor seedling conditions this
spring and very dry weather this
summer in the areas where this
variety was grown. Where these
reports have been provided in com-
parisons, Saunders has outyielded
Thatcher in the Peace River country
three out of five times, says J.G.C.
Fraser, Senior Cerealist, Experimental
Farms Service.

In maturity, Saunders was four to
five days earlier in ripening than
Thatcher and ripened with Garnet.
The yields ranged from twelve to

fifty-seven bushels for Saunders and
from ten to fifty for Thatcher, Red
Boys being lower again.

In the Garnet growing areas,
farmers report that the early maturing
of Saunders will cause it to re-
place Garnet, the slightly higher
yields of Garnet being more than
compensated for by Saunders' eligi-
bility for top grades, stronger straw
and freedom from shattering. Some
reports indicate that Saunders stood
the August frost in some areas better
than did Red Boys.

In Central Alberta, the reports in-
dicate that Saunders has outyielded
Thatcher and given better grades in
many cases. Many growers report
that Saunders has withstood shatter-
ing very well, even when harvested
as late as the 14th of October. "It is
fair to state that the Saunders
wheat was in all probability sown
on the best pieces of land and this
could have the same average ac-
cordingly. However, it is gratifying
to note that this new, early maturing,
high quality, stem rust resistant
variety of wheat has yielded so
well the first season it has been
grown commercially," says Mr. Fraser.

The recent decision of the Board
of Grain Commissioners not to grade
Red Boys variety any higher than
No. 3 Manitoba Northern after August
1941, might have caused considerable
hardship to many wheat
growers had there not been a suitable
variety to replace it. Saunders,
however, was bred for that particular
purpose and by 1951 there should
be ample stocks available to supply
all seed requirements.

The fact that Saunders is resistant
to stem rust and loose smut, moder-
ately resistant to black chaff
and root rot should add to its value
wherever it is grown.

CALGARY, LETHBRIDGE, EDMONTON
VANCOUVER, WINNIPEGNEW MEDICAL RESEARCH LAB.
OPENED IN LONDON, ONTARIO

Reassurance to victims of heart
disease the world over, but to Cana-
dians in particular, was given on
November 3 when the Shute Institute
for Chemical and Laboratory Medi-
cine formally opened in London, On-
tario, with impressive dedicatory and
bunching ceremonies.

Founded and named in honor of
Dr. Evan Vere Shute, B.A., M.B.,
F.R.C.S.C., the leader of the group of
Canadian research groups who made
the discovery of the remarkable
power of vitamin E in the treatment
of heart disease, the new Institute
will be unique in the world, and a
major addition to the continent's
medical institutions. Until a speci-
fically medical building can be erected,
it will be situated on the famous
Horton-Smith estate, which has
been purchased by the Shute Founda-
tion for Medical Research, the
non-profit sponsoring and financing
organization.

Outstanding medical and lay per-
sonalities of Canada and the United
States were on hand for the two
events of the inaugural of the Institute.
The first was the dedication
ceremony in the afternoon of which
Canon Quinlan Warner, widely
known Western Ontario cleric, was
Chairman. Canon Warner is also
Chairman of the Board of Directors
of the Foundation. The other direc-
tors are Alexander Calder, F.R.C.S.,
London's Public Utilities Commis-
sioner, and the City of London's
Treasurer, W.S.L. Saunders.

Mayor G.A. Weninger gave a civic
appreciation of Dr. Shute's momen-
tous contribution to medicine, and
a unique feature was the little-
known admonition of Ecclesiastics
on the "Ancient Duties of the Doc-
tors," given by Rev. A.W. Sheehy of
London.

The opening of the Shute Institute
for Chemical and Laboratory Medi-
cine has deep significance for both
the public and the medical profession,
and especially for that small por-
tion of the latter which at one time
expressed doubt of the new Shute
heart disease therapy.

To the public, the Institute's exist-
ence means that a treatment for
heart disease which has proven its
promise of actual improvement in
the heart condition to the extent of
four-fifths of the cases treated, is
now available to all; the fact that
the former, long-standing "classi-
cal" treatment could promise was a
probable slow up of the progressive
worsening of the disease with age
and activity.

To the medical profession, the In-
stitute in operation means that there
can now no longer be valid reason
for all doctors not to investigate and
to test the treatment themselves. The
result is so assured that medical
conviction invariably follows full
understanding. Such investigation is
all that Dr. Shute has ever asked
since his great discovery three years
ago.

Eggs are important in a well bal-
anced diet. They are a source of pro-
tein which promotes growth and
aid in the building and repair of
muscles. The yolk contains iron
which is vital for the blood, and
vitamins which have healthy skin
and eyes and stimulate growth and
well being.

SASKATCHEWAN FARM POPULATION DECLINES

The total number of farms in Saskatchewan has declined from about 115,000 to 125,000, according to an estimate by I.S. Nallet, Saskatchewan's minister of agriculture. He attributes this to the fact that power machinery has sent overhead costs

and capital investments up so high that farmers must cultivate more land to make a profit. He believes that even sub-marginal land will have to be used unless farmers take some action to lower costs. Either co-operative use of power machinery or co-operative farming is Mr. Nallet's answer to the problem which he says exists.

DENTAL DECAY

Scientists are conducting ex-
haustive studies to determine the effect
of fluorine in combatting dental de-
cay. But it will be some years before
these studies are completed. Parents
can do much to protect their children's
teeth now, however, by pro-
viding nourishing foods, cutting
down on sweets and seeing that
teeth are brushed carefully after
each meal.

CAUGHT IN OILY WATER; MIGRATING DUCKS KILLED

QUEBEC — Fish and game officials
aid which revealed that the recent fog
in the St. Lawrence river may have en-
dangered indirectly hundreds of mi-
grating ducks now on their way
south for the winter.

The officials said they are in-
vestigating reports that unknown num-
bers of ducks were trapped in St.
Lawrence shore water left oily by the
blue pumps of fog-bogged ships.
Reports indicated many ducks
were killed on river shores by people
from nearby localities who were able
to get at the trapped birds with sticks.

stationed in the permanent army,
after visiting in Didsbury with his
sister, Mrs. E.T. Wiggins.

Mrs. William Greig and young son
David of Wymond, B.C., spent the
week end with the former's brother-
in-law and sister, Mr. and Mrs. C.H.
Aldhead, at Conrich.

Len Berscht was a business visitor
in Calgary on Monday.

The men's supper held Monday
evening in the basement of the United
church proved a real success and
70 places were filled. A short pro-
gram followed the supper.

J. A. Shannon spent the week end
in town and returned to the road
camp near Carleton on Monday, ac-
companied by Jay Tuggle.

Dave Edwards is expected back
this week from a business trip to
Chicago and Toronto.

It is reported that Lawrence Krebs
was fortunate in getting a mouse
and a deer on a recent hunting trip
in the Coal Camp area.

Don Shannon spent a day in town
last week.

H. Oleynk and Arnold Nelson, both
licensed mechanics, have taken over
the old White Rose Service Station
recently vacated by Leo Nichols.

STERNIST LEADER

—Central Press Canadian

The entire length and breadth of
Palestine is being combed by Israeli
authorities in the search for Nathan
Friedman Yellin (above), chief of the
terrorist Stern gang which
boasts that it is responsible for
the assassination of Count Folke
Bernadotte, U.N. mediator. Most
squares agree that Yellin has fled
Palestine and rumor in Tel Aviv
said that he might try to get to
Moscow to enlist Soviet aid in
clearing the Middle-East of British
imperialism. The Israelis are
rounding up Stern gang members
in their determination to find the
killers of the Swedish count.
